Left Bracket

Right Bracket

Rod = 60"

24" cable

If the Rod = 60", the width between the rod and the outer Left Bracket is 7/8"

the width between the rod and the outer Left Bracket is 3/4"

then the total width = 60" + 7/8" + 3/4" = 61 5/8"

4"

3"

1.5"

the gap between the rod and the inner Left Bracket is 5/8"

1.5"

the gap between the rod and the inner Right Bracket is 1/4"
